

Customer Assistance Document – Which PS Financials Team should I contact?

This document is designed to give guidance on who best to contact within PS Financials should you have an enquiry.

PSF software users can also self-register for access to the following useful repositories:

- ▶ PSF Knowledge Base - <https://psfinancials.zendesk.com> – an intelligent search engine for information, guidance and instruction on the use, operation and administration of PSF applications. This is an invaluable resource for all users and provides information on product updates, latest news and details of User Group meetings.
- ▶ The Education User Group Forum - <http://www.psfeducationusers.com> - an informative place for knowledge sharing, ideas and updates with fellow PSF users across the Education sector.
